Listed below are answers to questions received.

- Q1. I am assuming from the pictures that the women's and men's tie clasp are the same even though they are separated on the cost sheet. Is that an accurate assumption?
A1. They are the same clip, however, the men clip from the right and the women clip from the left.
- Q2. Can these be made in China?
A2. Yes.
- Q3. In the product information section (Special Provisions Paragraph 9) are you just looking for material on our company and the products we offer, such as the flyer?
A3. This paragraph is requesting detailed specifications on the product offered as "an equal" to the brand specified in the pricing schedule. The purpose for requesting the product information is to determine if the equal brand meets or exceeds the standard specification.

All other terms and conditions remain unchanged.
